Mack's Excavation

By Dan Rankin

Our Business of the Week, Mack's Excavation, recently started by Scott McIntosh, offers backhoe services to St. Marys and the surrounding area including trenching, landscaping, drainage and more.

"I'm a part owner of local KLM Properties, focusing on building affordable homes and rentals," said McIntosh. "I bought a tractor loader and backhoe to aid in excavating, trenching and landscaping for our properties as well as use on my own rural build. Inquiries to me for assistance sparked the idea that I could offer small- to mid-sized excavating services to the local area, farmers, residents and contractors."

KLM started three years ago, McIntosh said, and before that he has had a background in operating equipment for most of his life. "I

have a great deal of hands-on experience using equipment," he said.

To contact Mack's Excavation, call 519-318-5495 or email Scott@KLMProperties.ca. McIntosh can then schedule a time to come by and give a free quote based on the job.

"If someone needs emergency assistance that afternoon, I can make it happen, but ordinarily I would like to come by first and see what we're up against," he said.

Services Mack's Excavation is offering residents and businesses within a half hour radius of St. Marys include: trenching down to as much as nine feet, excavations, grading, landscaping, drive-ways, drainage, field tile repairs, ponds, electrical and water lines, and more.
