

BUSINESS OF THE WEEK

Delmar Foods - Food Factory Outlet

By Stewart Grant

Delmar Foods Canada, based in the former Heinz building at 25 South Service Road, has been quietly producing quality private label sauces & marinades, dips & dressings during the past few years.

However, with the recent opening of their Food Factory Outlet on February 7th, Delmar Foods is suddenly becoming a household name here in St. Marys, with residents excited about the wide variety of local food offerings now available. These include not only Delmar products but those of many local suppliers.

"We felt it was important to continue to support small town investment and opportunity. We have grown as a business with the support of small town staff and customers and are happy to continue that tradition. It's also a great opportunity to not only showcase our Delmar products, but to showcase local products and supply the best products possible to support our local area," said Ed Lamers of Delmar.

Among the nearby small businesses whose products can be found within Delmar's spacious food factory outlet are: Stone-town Artisan Cheese, Shepherd's Gourmet (Saputo), Metzger Meats, Norwich Packers, Aunt Lena's Preserves, Wellesley Apple Butter, Apple Flats Jellies, Shaw's Ice Cream, Tillsonburg Custom Foods, Hayter's Farm, and The Garlic Box.

The Delmar Foods' Food Factory Outlet is open seven days a week, from 9:00 a.m. to 6:00 p.m. Mondays through Fridays, and from 10:00 a.m. to 5:00 p.m. on Saturday and Sunday.

Delmar celebrated their Grand Opening this past weekend, with certain specials continuing throughout this week, so don't delay in visiting the Food Factory Outlet to see what's in store!
